

## Brantford Community Hockey League Player Call Up Policy

### **Player Call Up Policy**

During regular season and play offs, a team may call up players from 1 division below the division that their team is in.

A team may only call players up if they have less than 8 skaters (not counting goalies) and may only call up enough players to equal 10 skaters.

If the team official knows prior to game time that they will be short players, they are to contact the director of the division in which they play to ask for players.

If the team official is not aware that the team will be short players, they can ask the teams playing before them for players.

A team must have at least 7 players (6 skaters and 1 goalie) per game to not forfeit the game.

Example of call ups:

U18/U21 can call up from U15

U15 can call up from U13

U13 can call up from U11

U11 can call up from U9

U9 can call up from U7

In the event a goalie is needed, they can be sourced from a division up or down.
