

# Brantford Church Hockey League Letter from the President of BCHL

October 3, 2018

Dear Parents and Players,

Regarding the Ice Change letter which was distributed earlier, **please do not contact Arena Staff with questions re: this change.** Any questions should be directed to Division Directors or directly to me.

I have met with BCHL executive, and we have come up with a plan which has a minimal impact on our house league teams. We will be maximizing ice utilization on Saturdays, splitting times between the Civic Centre and Lion's Park. This will keep everyone playing games on Saturdays. We have ice most of the day at the Civic Center and we also have evening ice at Lion's Park – every Saturday.

We are making every effort to maintain the time of day your child plays – please appreciate that there may be some slight variability in times. Practice times throughout the week remain unchanged. Little Saints and Midget divisions are not impacted at all.

The schedule for this weekend is set (there are no changes for this weekend). For the most part, October remains intact. The complete schedule will be updated on our website by Holiday Monday. Therefore – on Thanks giving Monday, please unsubscribe and resubscribe to your child's team on the website – which will refresh the calendars on your mobile devices.

If you have any specific question – I would ask that you contact your Division Directors first. Thank you for your understanding.

George Ziotek  
President, Brantford Church Hockey
